Those who like to cook might bake some delicious cookies, a cake or maybe even a whole meal. 三、閱讀測驗：

Dear Diary:

We just got back yesterday from our family summer holiday, and I had an awesome time! It was the best vacation I've ever had, and so much better than last year's. On Friday, July 6th, we drove all through the night and arrived at the coast just before dawn. We checked into our hotel room, which was very spacious and even overlooked the ocean. While Dad rested, Tamara, Mom and I went down to the water. We saw all kinds of crabs and starfish, and the water was bluer and clearer than any water I've ever seen. Tamara said that she saw a whale; but I didn't really believe her. I would really like to have seen a turtle or a dolphin but not a shark. We did so many fun and relaxing things the whole week, like snorkeling in the mornings; and, on hot afternoons, we were often lying on the beach, swimming or sun tanning. In the evening, we'd go out for dinner, see a local show and then watch the sparkling stars in the clear sky. It was such a beautiful place that Tamara and I are already begging Dad to go there again next year!

If you've ever had the flu, you know how bad it is. All you can do is lay in bed for a whole week. Usually, you'll have a high fever, a bad cough, and a sore throat. You'll also feel very tired. There's no medicine that will get rid of it right away. You have to wait until it's gone.

Luckily, once you get the flu, you can't get that type of flu again. However, each year a different type of flu spreads. That's why it's important to get a flu shot if you can. It will keep both you and the people around you healthy.
